GPO/labor relations
Mac McGee

called him re clarification on which supvs to get raise now -- notice says Asst Dirs (105%) included & thought they working supvs. Or Ch's 1st real level who do EP's, etc.

McGee said 105% level for most part are not considered to be working supvs, although some Div by Div + a thin line. Rule of thumb in GPO is if excluded from bargaining unit, per agreement mgmt/mgmt + labor relations, then a supv + part of mgmt. Most 105%'ers are excluded.

Appears appeal may be resolved soon since have been working around clock -- 2 hrs last night at federal mediation conciliation bd.
